Organizational Membership

Organizational Members provide essential connections between the Alliance and historic preservation issues in various parts of the community. The Alliance's role as an umbrella organization encompasses a diversity of interests through our organizational members. Neighborhood preservation advocacy groups, historical societies and historic sites, museums, and other types of non-profits are all part of the Alliance. We in turn, provide advocacy assistance to our Organizational Members, and each appoints two delegates to vote on matters pertaining to the Alliance's governance at our Annual Meeting. The Alliance promotes the events and activities sponsored by our Organizational Members and we commonly work together on joint programming.

If your organization would like to work with the Alliance, please contact us at 617-367-2458.

Alliance Boards

Uniquely qualified to guide decisions about Boston's built environment and historic resources, Directors at the Alliance represent a wide variety of backgrounds and expertise ranging from finance and project development to material conservation and architectural history to strategic communications and design. The Board of Directors meets regularly and guides the organization's work. The Board of Advisors, made up of former and potential directors, lends their experience and expertise as needed.

If you are interested in serving on the Board, please contact us at 617-367-2458.

Young Advisors

The Young Advisors is a board of developing professionals whose role is to expand and amplify the Boston Preservation Alliance's mission of education and advocacy by engaging Boston's young professional community. They are active participants in the Alliance at all levels, from community outreach and policy discussion to social engagement. They host educational and social programming throughout the year to engage our growing network of young professionals and foster an appreciation of Boston's architectural legacy and social history. By highlighting our city's past, the Young Advisors strive to help create an architecturally, economically, and socially vibrant future for the City of Boston. Several members of the Alliance's Board of Directors began as "YAs" including current officers.

Our Advocacy Work

The Boston Preservation Alliance is a nonprofit 501(c)3 organization that protects, promotes, and preserves Boston's historic places. Through advocacy and education, we bring people and organizations together to influence the future of Boston's historic buildings, landscapes, and neighborhoods.

Our website displays projects we have advocated for throughout Boston -- browse by neighborhood to find sites near you that we have worked hard to preserve, or search by name, status, or designation to learn more about our work.

Keep in touch!

Follow us on social media to stay updated on the Preservation Alliance's latest projects, and to see full-length videos of each Awards project. We will release two videos a week, every Thursday at noon. Here are some things to look forward to:

October 22: Hub History Podcast and Parkside on Adams Substation

October 29: North Square and Whitney Hotel

November 5: Myles Standish Hall and Graves Light and Fog Signal Station

November 12: Revolution Hotel and Dillaway Thomas House

November 19: Cathedral of the Holy Cross (plus some bonus footage!)

The videos will be posted to <https://www.bostonpreservation.org/awards/2020>, or you can follow us on social media to always get the latest scoop:
